

A man in a kitchen, wearing a black cap with 'RIPON SURF' on it, a black shirt with a yellow collar, and a blue denim apron. He is looking down at his hands, which are holding a small object. The background shows a window with a view of trees and a brick wall.

Unmet Needs:

Protecting Our
Workforce

Welcome & Logistics

- This session will be recorded
- Make sure you're muted!
- Change your display name in Zoom

Introduce Yourself

1. Introduce Yourself in the Chat
 - Your Name
 - Your Organization/Who You're Representing
2. Share your thoughts! Go to <https://tinyurl.com/unmet-protect>
3. Make a post in the first two columns:
 - What do you hope to get from today's session?
 - What workforce protection incidents are you concerned about?

Post your name and questions you have about today's subject?

About Us

Our Vision:

A resilient Boston through **healthy, informed, and connected communities** that are supported every day and during emergencies by strong, integrated public health and healthcare systems.

Our work focuses on:

- **Improving health outcomes** of the whole community, particularly the most vulnerable, after emergencies.
- Working to ensure **equitable access to health and human services** during and after emergencies.

OPHP Approach

We are grounded by our operational role in emergencies.

We draw from boots-on-the-ground realities.

We are committed to learning with you.

DISASTER EQUITY IN ACTION

The DelValle Institute for Emergency Preparedness is the Education & Training branch of the Office of Public Health Preparedness. The DelValle Institute provides high-quality all-hazards training and exercises to develop and enhance capabilities-based preparedness.

This training delivery is offered through a contract with the Office of Preparedness and Emergency Management at the Massachusetts Department of Public Health (MDPH), with funding from the Centers for Disease Control and Prevention (CDC) Public Health Emergency Preparedness Cooperative Agreement and/or the Assistant Secretary for Preparedness and Response. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government. For more information regarding DelValle Institute funding, please visit <http://delvalle.bphc.org/funding>
